

Librarian::returnBook

```
graph LR; A[Librarian::returnBook] --> B[Librarian::processReservations]; B --> C[Librarian::checkoutBook];
```

A flowchart illustrating a sequence of three library operations. The first operation, 'Librarian::returnBook', is shown in a white box. A blue arrow points from this box to the second operation, 'Librarian::processReservations', which is also in a white box. Another blue arrow points from the second box to the third operation, 'Librarian::checkoutBook', which is shown in a gray box. The boxes are arranged horizontally and connected by arrows pointing from left to right.
